

## Maths

In Numeracy we will be focussing on algebra and algebraic equations. We will also be looking at problem solving using worded problems.

We will carry out an investigation through the NatWest Bank looking at budgeting and looking after your money.

## Science

We will be learning to-

identify and name the main parts of the human circulatory system, and describe the functions of the heart, blood vessels and blood

recognise the impact of diet, exercise, drugs and lifestyle on the way their bodies function

describe the ways in which nutrients and water are transported within animals, including humans

## English

Year 6 will continue to look at the book, Rooftoppers. We will be writing an explanation on how to survive on the Rooftops, a diary entry and finally a book review.

Pupils are encouraged to research the book and the author, Katherine Rundell on the internet at home.

## PE

This half term we will be focusing on Athletics. They will look at techniques for a range of running, jumping and throwing activities and how to achieve the greatest speed, height, distance or accuracy.

## SEAL / RE

**RE-** What matters most to believers? This unit enables pupils to identify values in human life, and think about their own values, with special reference to the values of Christians, Muslims and Humanists.

**SEAL -**Moving On, this theme looks at transition to High School and future plans.

## Fox Class. Summer 2

IPC -Olympics will include geography, History and Design Technology,

**Geography** - we will be finding out at the host country of the Olympics and creating brochures for Brazil.

**History** - we will be finding out about Ancient Greece and how the Olympics first started.

**Technology** - we will be reaching about different medals then designing our own Olympic medal from our research. After we will make our medal out of clay and evaluate them.
